**Complaint Affidavit**

I, Shannon E. Clark, being duly sworn, depose and say:

**A. Introduction**

1. I am a Special Agent with the Federal Bureau of Investigation (the "FBI"). I have been employed with the FBI since March 2004, serving as a Special Agent. I am currently assigned to the Oklahoma City Field Office, Tulsa Resident Agency. As part of my duties, I am authorized to conduct investigations in connection with the enforcement of United States federal laws. As a federal law enforcement officer, I have the authority to execute warrants issued under the authority of the United States.
2. I am the FBI case agent for an investigation involving threats against law enforcement officers, a retired Tulsa County District Court Judge, and the Tulsa FBI office.
3. The statements in this affidavit are based upon my training and experience, review of the evidence, personal knowledge, involvement in interviews, and information obtained from law enforcement and non-law enforcement officials. This affidavit is submitted solely for the purpose of establishing probable cause that defendant William McWhirt has engaged in violations of Title 18, United States Code, Section 844(e) (Willfully Making a Threat).

**B. Overview of the Threats**

And I'm not going to stop it, till you give me that fucking cop. Got it faggot?"

**C. Further Investigation**

12. On February 23, 2011, and March 25, 2011, Carol Raylene Prosser was interviewed by FBI Special Agents. Prosser has known McWhirt for approximately 11 years. Prosser described McWhirt as somewhat transient but resides at Prosser's residence on occasion. Prosser allows McWhirt to shower, sleep, and wash his laundry at her residence.
13. The FBI Special Agents played 15 voice mail messages, including the messages that are referenced above, that were left on the FBI voice mail system. Prosser identified McWhirt as the person making the threats. Prosser also confirmed that the originating telephone number, 918-813-9996, is the cellular telephone number for the phone used by McWhirt. According to Prosser, McWhirt has told her that he calls the Tulsa FBI office and leaves threatening voice mail messages.

14. During the interview, Prosser explained McWhirt leaves threatening voice mail messages, and gets aggressive, when he is drunk. Prosser had no knowledge that McWhirt takes medications or drugs.
15. McWhirt told Prosser that he used to work on an assembly line for a company in Texas that produced bombs for the military. A review of McWhirt's work history revealed employment in 1992 at Datron, Inc. which was an explosives manufacturer.
16. Upon further inquiry, on March 25, 2011, Yolanda Moore was interviewed by the affiant. Moore is the Director of Human Resources for General Dynamics in Garland, Texas. Moore stated that General Dynamics acquired a division of Datron called Intercontinental Manufacturing Company (IMCO) in 2003. Moore confirmed IMCO manufactured bomb casings for the military. Moore stated that McWhirt worked at the IMCO division of Datron from August 19, 1992, until December 07, 1992. McWhirt was hired as an Entry Level Laborer and worked on the assembly line where the bomb casings were manufactured.
17. On April 04, 2011, Darlene Crutchfield was interviewed by FBI Special Agents. Crutchfield is a retired Tulsa County District Court Judge. The FBI Special Agents notified Crutchfield that she was a target of one of the threatening voice mail messages that was left on the FBI voice mail system by McWhirt. Some time between December 200 to March 2009 Crutchfield was traveling

outside of Oklahoma. During that time period, TPD responded by and through Cpl. Brandon Disney, of the Riverside Division to Crutchfield's address based on a threatening call from McWhirt. Upon returning to Tulsa, Crutchfield spoke with a female TPD officer at the Riverside Division. The officer told Crutchfield that TPD Police Officers responded to her residence based upon a call from her neighbor. The officer explained that the neighbor reported that an individual was causing a disturbance and kicking Crutchfield's front door. The officer also gave Crutchfield three separate pictures of McWhirt so she would be aware if McWhirt returned to her residence or place of employment. During the affiant's interview, Crutchfield provided copies of the pictures of McWhirt.

**D. Conclusion**

18. Based on the above information, there is probable cause to believe that William McWhirt has acted in violation of Title 18, United States Code, Section 844(e), which among other things, make it a federal crime for any person, through the use of a telephone, to willfully make a threat to kill, injure, and intimidate various individuals, including an Oklahoma State Trooper, the Chief of Police for the City of Sand Springs, a retired Tulsa County District Court Judge, and the personnel and staff employed by the Tulsa office of the Federal Bureau of Investigation, in and affecting interstate or foreign commerce.

19. Based on the above information, there is also probable cause to believe that

William McWhirt has acted in violation of Title 18, United States Code, Section 844(e), which among other things, make it a federal crime for any person, through the use of a telephone, to willfully make a threat to unlawfully damage and destroy the building for the Tulsa office of the Federal Bureau of Investigation, by means of an explosive, in and affecting interstate or foreign commerce.

20. Based upon the foregoing, this Affiant respectfully requests that this Court issue a warrant for the arrest of William McWhirt.

21. It is further respectfully requested that a complaint be filed under seal until further order of this Court and that all papers filed in connection with this Application, including the Affidavit, and Arrest Warrant be sealed.
